SUMMARY

I am a fresh and enthusiastic web developer looking to kick-start my career. I have a strong foundation in HTML, CSS, and JavaScript, and I'm always eager to learn and stay updated with the latest web development technologies. I pay attention to detail and enjoy solving problems. I am seeking a collaborative team environment where I can apply my skills and grow as a web developer.

SKILLS

Skill	Level	Skill	Level
HTML	● ● ● ● ○	Javascript	● ● ● ○ ○

EXPERIENCE

Web Developer Intern
Asterisc Technocrat Pvt. Ltd. *2023*

As a Web Developer Intern at Astratic Technocravt PVT LTD., I have worked on various web development tasks and projects. I am actively involved in coding, debugging, and implementing new features for web applications.

Full Stack Developer Intern
Bharat Intern *2023*

As a Full Stack Developer Intern at Bharat Intern, I am actively involved in various development tasks and projects. This internship has provided me with the opportunity to gain hands-on experience in both front-end and back-end development.

PROJECTS

Complete Responsive E-Commerce Website

Experience a fully responsive e-commerce website that adapts seamlessly to different screen sizes and devices. From product browsing to secure checkout, this website offers a user-friendly and visually appealing shopping experience. With advanced features and smooth functionality, it's designed to drive conversions and enhance customer satisfaction.

Online Webinar Landing Page

Experience an engaging and visually appealing landing page designed specifically for online webinars. This landing page is optimized to attract and convert visitors into webinar attendees. It showcases key details about the webinar, highlights the benefits of attending, and provides a clear call-to-action to register. With a modern design and intuitive layout, this landing page is designed to drive registrations and maximize attendee engagement.

Personal Portfolio Website

Crafted and launched a personal portfolio website highlighting my skills, projects, and achievements. Developed a captivating and intuitive interface using HTML, CSS, and JavaScript. Enabled seamless user experience across different devices. Boosted online presence and recognition in the web development field.

EDUCATION

Bachelor's Degree in Computer Science (in progress)
S.B Jain Institute of Technology, Management & Research, Nagpur

I am currently pursuing my B.Tech in Computer Science and Engineering at S.B Jain

Institute of Technology, Management & Research. The program provides a comprehensive understanding of various computer science concepts, including programming, algorithms, data structures, and software development.
